FINAL RECORDS OF DECISION/REMEDIAL ACTION PLANS FOR SITES 18 & 22 AT VANDENBERG AIR FORCE BASE

Dear Ms. Kephart:

The California Department of Toxic Substances Control (DTSC) has received and hereby approves the March 2004 Final Records of Decision/Remedial Action Plans (ROD/RAPs) for Sites 18 & 22 at Vandenberg Air Force Base. These documents supersede the previous ROD/RAPs, dated September 2003, and approved by DTSC on September 12, 2003. The new documents contain modifications of the September 2003 version which were requested by the Air Force and concurred with by state regulators at the March 3, 2004 Remedial Project Manager meeting.

Enclosed are the three signature pages for each ROD/RAP requested by your office. Thank you for the opportunity to work with you and your staff on these ROD/RAPs. DTSC looks forward to receiving the final production of these documents shortly. If you have questions regarding this matter, please call Quang Than at (714) 484-5352.

Sincerely,

John Scandura, Chief
Office of Military Facilities
Southern California Branch
